MISSION STATEMENT

To establish and maintain a cohesive organization that serves its membership by promoting the art, science, and professionalism of dentistry, and by communicating the value of oral health to the community.

VOL. 39 SUMMER '01 NO. 6

52nd ANNUAL NEW ORLEANS DENTAL CONFERENCE FEATURES WIDE-RANGING EDUCATIONAL PROGRAM

PRE-CONFERENCE COURSE

DR. NIXON

"Achieving Aesthetic Excellence" is the title of the All-Day Pre-Conference Course of the New Orleans Dental Conference Wednesday, September 19 in the Morial Convention Center.

Dr. Robert L. Nixon of Beverly Hills, California will conduct the course. He is a Fellow of the American Academy of Cosmetic Dentistry and the American Society of Dental Aesthetics and is co-director of the Center for Aesthetic Excellence in Chicago, Illinois. He maintains a practice emphasizing aesthetic restorative dentistry in Beverly Hills, California.

The program, known as the Dr. Louis G. Grush Distinguished Lecture Series, provides a comprehensive blend of traditional principles with recent advancements to equip the progressive dentist for aesthetic dentistry in the new millennium.

A star-studded program that runs the gamut from aesthetics to murder (that's right, murder) awaits attendees of the 52nd annual New Orleans Dental Conference September 19-22, 2001 at the Ernest N. Morial Convention Center.

Last year's conference drew participants from 41 states and Canada. It is hoped this year's session will top that figure.

The various clinics and lectures have been moved to facilities at the northern end of, the convention center, closer to Canal St., saving some walking on the part of the attendees. A total of 46 sessions will be held, covering a wide range of clinical, management and motivational topics, several of them twice to serve the maximum numbers of participants.

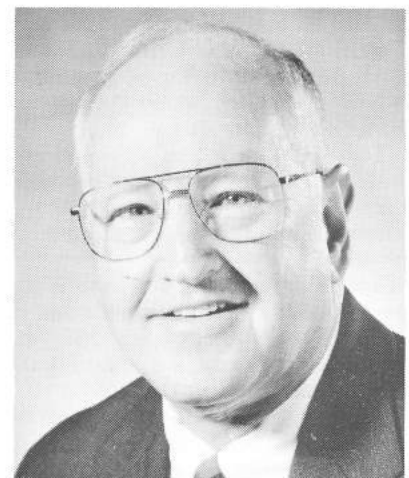

Aesthetics will be thoroughly covered in the all-day pre-conference course by the noted restorative dentist Dr. Robert Nixon of Beverly Hills, California. (See description at left.) "Murder" as it involves dentistry will be covered in sessions by forensic dentists Dr. Michael Baden and Dr. Philip Levine.

Dr. James B. Maas of Cornell University will be the keynote speaker at the Opening Session Thursday at 8 a.m. A noted authority on sleep and performance, he has made a number of movies on the subject and has been featured on the Oprah Winfrey TV show. (See article at right.)

Following the Opening Session, the crowd will "second line" to the Exhibit Hall for free pastries and coffee and a drawing for a \$500

(Continued on Page 4)

KEYNOTE SPEAKER

DR. MAAS

"Do You Want to Know the Secret of Life?" is the title of the keynote address at the Opening Session of the New Orleans Dental Conference Thursday, September 20 at 8 a.m. in the Morial Convention Center.

Dr. James B. Maas will be the speaker. He is the Weiss Presidential Fellow, professor and past chairman of the department of psychology at Cornell University. He teaches psychology to 1700 students each year at Cornell and conducts research on the relationship between sleep and performance.

He has produced nine national specials on PBS and his films have won 42 major awards. His clients include IBM, Apple Computer, Eastman Kodak, Ernest & Young, Pepsi-Cola, Westin Hotels and many others. Oprah devoted an entire show to his work on sleep and performance.

AUGUST 15

President's Message

by CAROL A. STUCKEY, DDS

The year is moving right along and already it is the summer. I know many of you are taking the opportunity to take a week or two or more off from busy summer schedules to enjoy much-deserved vacation breaks. Most of us work at such a pace that the chance to reflect with a little time off is overdue. I hope you have been able to do this. The rest of the year ahead is filled with several events to help you reap the benefits of your dues dollars.

Mark your calendars now for the New Orleans Dental Conference. Chairman Dr. Robert Barsley along with Executive Director Dr. Debra Arnold and committee have organized an exciting lineup of speakers and courses with the theme "Flavor of the Future." You will be receiving complete information soon and of course, the information is also available on the website at www.nodc.org. Remember, if you have not paid your dues for 2001 and plan to attend the Dental Conference, please do so ASAP. Registration to the conference is free to all NODA members whose dues have been paid for the current year.

The NODA website is up and running at www.nodental.org. We have selected a company to serve and maintain the site with the website membership roster currently under construction. Our printed roster is being handled first, this year without photographs. The web roster is planned after the printed roster information is complete.

The website membership information may be changed throughout the year as the information in the database changes. For those of you who wanted your photograph in the roster, but did not have one available to send at the time, please send one to the Central Office as soon as possible so that photo will be available when needed.

New Orleans Dental Enterprises (NODE-the For Profit Arm of NODA) President Dr. David Hildebrandt is organizing his committee to make long-range planning goals to financially strengthen our organization. Dues income is limited and Conference income, though excellent, is our only large source of income. NODE solicits reputable companies or products for our endorsement. If you know of reputable companies interested in participation, please inform Dr. Hildebrandt. NODE-endorsed products is a great source of non-dues revenue for NODA

which helps offset NODA dues increases.

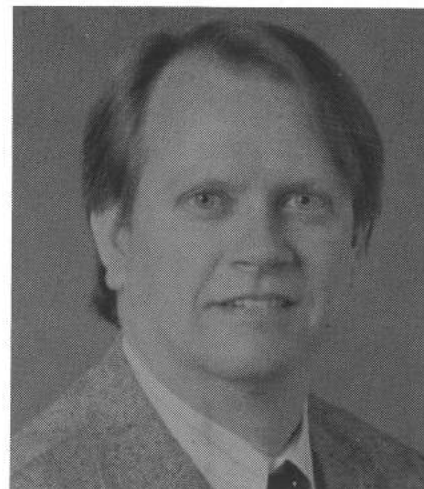

Be sure to apply for a NODA credit card through the Whitney Bank. An application has been inserted into the *NODA News* for your convenience. Both the Visa Gold Affinity and Classic Affinity cards are available at very low interest rates to both NODA members and NODA member dentists' staff. Every time you use your NODA credit card, one percent of the charges comes back to NODA through New Orleans Dental Enterprises.

There will be a NODA general membership meeting on Wednesday, September 5, 2001 in Auditorium A, LSUSD. As usual, the business meeting will begin at 7 p.m. with the scientific program immediately following (presenter to be announced). A motion was passed at the May general membership meeting to table the proposed bylaw amendments with the ad hoc committee addressing suggestions made at the May meeting and reporting its results at this September meeting. These changes will be sent with the next *NODA News*. I encourage each of you to attend the meeting for discussion and voting on the bylaws changes. These changes are being made to integrate the timing of our elections with that of the LDA.

On another important note, the Louisiana State Legislature recently passed House Bill 1583 which allows the State Board of Dentistry to seize dental records (including original x-rays) without notice under certain circumstances. The resolution to allow the LDA to lobby for this passed by one vote (with three votes abstaining) at the LDA House of Delegates meeting in March 2001.

All 23 New Orleans delegates voted against this at the House of Delegates. The vote taken at the House of Delegates was disorganized and confusing. Objections were raised at the procedure of voting at the end of the session before adjournment. The presence of several State Board members along with the fact that several delegates had adult sons and daughters taking the State Board Exam in the next week inhibited discussion on this issue.

When this issue came up two years ago, others and I stood up against it. Because of my stand against it, I was selected to serve on a task force along with several others to meet

Dr. Robert E. Barsley is general chairman of the 52nd annual New Orleans Dental Conference September 19-22 at the Ernest N. Morial Convention Center.

with the State Board and work to explore common ground of agreement. The resolution presented this year, though much more reasonable than what was proposed two years ago, was still basically a loss of protection to the average good dentist out there plugging away.

The system in place has allowed the board opportunity to stop the wayward dentists when necessary. They have done an excellent job. With this new law, it seems the potential rights of many could be violated in pursuit of a very few. Good records in your possession are your protection against charges that may be filed.

I received many calls asking for my support against this at the legislative level and I presented the case against it to as many legislators as possible in order to defeat its passage. I wrestled with the fact that on paper, this appeared as an LDA endorsement, but in fact, for the reasons listed above, I don't believe it was and I followed my conscience. Therefore, I fought against it. Nonetheless, the bill passed the Senate and has been signed by the Governor. It is now officially in the State Dental Practice Act.

Some members of the State Board have assured me that this is a good bill that will not be abused. I am trusting that will be the case.

We have an exciting year ahead of us. Thanks so much for your support and help through the year.

Carol A. Stuckey, DDS
President

NODA News is published every month with the exception of June and August. Deadline for ads and editorial material is the 5th of the month preceding publication. Ads and news should be sent to Dr. Kristi Soileau, 2820 Napoleon Ave., Suite 470, New Orleans, LA 70115.

IMPORTANT! BE SURE TO GET YOUR CE DOCUMENTATION

Regarding documentation of continuing education, the New Orleans Dental Conference, Inc. will issue tickets for all courses attended. Louisiana attendees who require continuing education verification are asked to obtain a course ticket, which has been stamped with a numerical verification code. These tickets may be obtained upon completion of the course from the room monitors in each room.

The Louisiana State Board of Dentistry requires the stamped tickets as course documentation. We must emphasize the importance of maintaining your own continuing education records.

For those attendees who are AGD members, an AGD form has been designed by the New Orleans Dental Conference, Inc. for AGD documentation. Following each listed course on

the form, a space has been provided to place the numerical verification code that is stamped on the course tickets. AGD National has approved and will accept the NODC, INC. code numbers.

Please remember to utilize these procedures for documenting your continuing education at the New Orleans Dental Conference, September 19-22, 2001.

Bucktown All-Stars . . . they're back!

The Bucktown All-Stars are one of New Orleans' most popular party bands.

That's why they will be playing for the fourth straight year at the Conference's annual Welcome Reception and Dance Thursday, September 20 from 7:30 to 11:30 p.m. in the Hilton's Napoleon Room.

Each doctor's registration includes two complimentary invitations for the annual event bringing together practitioners and spouses or dates from New Orleans and around the nation.

Featuring a lavish hot and cold buffet by the Hilton, the evening starts quietly as dentists renew old friendships and make new ones with our visitors. The Bucktown All-Stars provide quiet background music. Cash bars are available.

Then the tempo quickens as the band swings into livelier tunes, including many from the 60s, 70s, 80s as well as hits made famous by the Neville's, Dr. John, Fats Domino and other local greats. It's a come early and stay late party!

Guests are welcome with extra tickets available at \$25 each.

LSUSD, LOYOLA GRADS TO MEET

The annual LSU School of Dentistry Alumni Reception will be held Friday, September 21 from 5-7:30 pm in Horizons atop the New Orleans Hilton Riverside.

There will be complimentary hors d'oeuvres and a cash bar.

Class Reunion photos will be taken for LSUSD Classes of '76, '81, '86, '91 and '96 & Loyola School of Dentistry Classes of '51, '56, '61, '66, and '71. For more info, contact LSUSD at (504) 619-8597.

Conference Exhibit Hall features action, treats, drawing

There are many reasons why the Exhibit Hall is the great gathering spot at the Conference.

It's a **great marketplace**. Manufacturers and distributors from all over the U.S. engage booths to show off their latest products and systems. It's a **social happening**, a place to run into old friends and colleagues you haven't seen in years.

It's a **party place** as only New Orleans knows how to party. Starting Thursday after the opening keynote session, you'll find a jazz band, free coffee with every kind of pastry and donut, including beignets like those at Café du Monde. Plus free parties on two afternoon breaks.

It can be your **lucky place** with all kinds of drawings and raffles. These include the \$500 drawing for dentists (Thursday a.m.), drawings for cash for auxiliaries, and drawings each day (Sept. 20-21) for valuable prizes contributed by our exhibitors, our Parade of Prizes.

Finally, it's a great **learning** place. Exhibitors travel continually, talking with dentists, exchanging ideas and getting feedback on equipment and products. Support our loyal exhibitors. Their booth fees help keep dentists' fees low. Their products can enhance your practice.

Pfisterer-Auderer Dental Laboratory

3100 27th St. • Metairie, LA 70002

(504) 837-6622 • (800) 288-8910

Quality, Quick

Pfisterer-Auderer Dental Laboratory: a full-service laboratory specializing in all phases of precision attachments and implant prosthesis.

We strive to bring the dental family together, using a *team approach*:

- good communications;
- certified, accredited Continuing Education for staff and clients,
- state-of-the-art equipment and materials.

prize for some lucky dentist. There will be drawings for auxiliaries as well as the Exhibit Hall's popular "Parade of Prizes" featuring giveaways of useful products contributed by our exhibitors.

Thursday at 7:30 p.m. brings the popular Welcome Reception and Dance at the Hilton featuring a hot and cold buffet and music by the Bucktown All-Stars, popular New Orleans party band, back for their fourth straight appearance.

Friday from 5-7:30 p.m. LSUSD and Loyola alumni will gather for the annual reception in the striking Horizons pavilion atop the New Orleans Hilton. Photos will be taken of the

LSU Classes of '76, '81, '86, '91 and '96 and the Loyola classes of '51, '56, '61, '66 and '71.

Throughout the conference there will be gatherings of numerous associated and speciality groups at various locales.

Clinics and lectures scheduled during the conference include OSHA/Infection Control, Dr. Dwight Weathers; Hygiene & Workshops, Ms. Judy Bendit; Oral Pathology, Dr. Douglas Damm; Oral Surgery and Workshops, Dr. Robert Edwab; Endodontics and Workshops, Dr. Lisa Germain; TMD/Occlusion, Dr. Henry Gremillion; Implants/Periodontics, Dr. Roland Méffert; Practice Management, Ms. Risa Pollack-Simon; Smart Ways to Work, Ms. Odette Pollar; Management/Insurance, Ms. Carol Tekavac; Oral Pathology, Dr. Jim Weir; Anterior Composite Workshop, Dr. Corky Willhite; Adhesive Dentistry, Dr. James Dunn; Finances, Mr. Brian Hufford; Dental Materials, Dr. Edward McLaren, and many others.

Something to think about

A dentist who is a member of the New Orleans Dental Association pays **NO REGISTRATION FEE** for the N.O. Dental Conference. His or her registration fee is covered by NODA annual dues.

A dentist who is *not* a member of the ADA pays a registration fee of \$310 for the Conference.

Doesn't it make sense to join NODA and enjoy the paid registration as well as the many other benefits of NODA-LDA-ADA membership (NODA News, LDA Journal, ADA Journal and the wealth of educational, career assistance, and other advantages of participating in organized dentistry)?

Think about it.

Luncheon is a conference highlight

Food, fashions and fun will be the order of the day at the annual Conference Luncheon and Fashion show on Friday, September 21 at 12 noon at the Ernest N. Morial Convention Center.

Dentists, spouses and staff will be the models for the showing of men's and women's stylings from Porter Stevens and Ballin's New Orleans, respectively. Here's a chance to observe your classmates and colleagues in a different role!

The chef in charge at the Morial Center has gained citywide acclaim for his cuisine. In addition, the Alliance of the New Orleans Dental Association, sponsor and planner of the event, is preparing interesting and creative table settings.

Tickets for the luncheon-fashion show are \$25 per person if purchased by August 15. Tables of ten (10) may be reserved for the bargain price of \$240. Tickets purchased at the conference are \$30 per person and \$290/table.

It's an occasion for a fine meal and fun time. Why not get up a party of friends and take in the festivities? Cash bars will be available.

Dr. FIDEL

Baldrige Chair to Dr. Fidel

Dr. Eric Hovland, dean of LSUHSC's School of Dentistry, has announced that Paul L. Fidel, Jr., Ph.D., professor in the department of microbiology, immunology, parasitology at the LSU Health Sciences Center will hold the Dr. Carl Baldrige Chair in Oral and Craniofacial Biology and has been appointed director of the Center of Excellence in Oral and Craniofacial Biology. The appointment was effective May 1.

A graduate of the University of Oklahoma, Dr. Fidel has authored 67 publications and served as investigator for 17 research grants totaling more than \$8 million, 10 of which were from the National Institutes of Health. Dr. Fidel serves on various NIH research review committees.

The Center of Excellence will foster collaboration between basic science and clinical science departments. It will also create a research environment for students, postdoctoral fellows, and faculty researchers in dental and craniofacial biology.

LOSSES FROM ALLISON? ADA CAN HELP

Attention, NODA members. If you have suffered losses resulting from the recent Tropical Storm Allison, the ADA has assistance programs that may help you.

The ADA Endowment and Assistance Fund and the ADA Emergency Fund, Inc., have funds available, provided the affected areas have been given "disaster" status by state or federal agencies.

According to Dr. Albert H. Guay, secretary/treasurer of the Endowment and Assis-

tance Fund, the fund has a loan program for dentists whose offices have been damaged by a disaster. The Emergency Fund provides grants of \$1,000 to dentists and their families who have been affected by a disaster to assist with immediate needs, i.e., food, clothing and shelter.

Applications for either fund may be obtained by contacting the Louisiana Dental Association, to which all NODA dentists belong.

MARK YOUR CALENDAR

There will be a NODA general membership meeting on Wednesday, September 5, 2001 in Auditorium A, LSUSD.

As usual, the business meeting will begin at 7 p.m. with the scientific program immediately following (presenter to be announced).

A motion was passed at the May general membership meeting to table the proposed bylaw amendments with the ad hoc committee addressing suggestions made at the May meeting and reporting its results at this September Meeting. These changes will be sent with the next *NODA NEWS*.

NODA MEMBER BENEFITS CAN SAVE YOU MONEY

NODA is now offering two programs that can save you money. Enclosed in this newsletter is an application for our NODA VISA. Notice the exceptional rate of 9.5% interest and no annual fee. Our other program that can save you money is our long distance service. An added benefit of both of these programs is that NODA receives compensation from these companies through your participation.

Not only can you save money; through your participation you support NODA programs and help keep your dues from increasing.

Please fill out an application for your NODA VISA today! If you have questions about either of these programs, or would like an application for changing your long distance carrier, please contact Dr. David J. Hildebrandt at davhild@bellsouth.net or (985) 643-0304.

***Jerusalem dental clinic seeks
contributions after break-in***

Since 1980 Dental Volunteers for Israel (DVI) has operated a Dental and Prevention Clinic in Jerusalem for needy children. Dentists, hygienists and assistants from all over the world provide donated dental services to children 5-18 years old.

These days, however, the clinic itself is needy. In a January break-in at the clinic, thieves stole more than a dozen dental handpieces, portable curing lights, an amalgamator, an autoclave and assorted dental materials.

Individuals wishing to contribute to DVI should write Lila Seiler, Friends of DVI, 11 Sage Circle, Scarsdale, New York 10593 or phone (914) 725-2485.

From the ADA

Generic drugs . . . What is the advantage?

More than half of all adults take prescription drugs regularly, including 82 percent of those people 65 and older. This adds up to huge amounts of money being spent at the pharmacy.

Generic drugs can save money and help control health care costs. Take a look at how generics compare with their brand-name cousins.

Generic drugs:

- have the same active ingredients, strengths and dosages.
- must be approved by the

U.S. Food and Drug Administration and follow the same strict quality rules.

- are as safe and effective.
- may not look like their brand-name counterparts, but that's just appearance and doesn't alter potency.

- cost between 40 percent to 60 percent less.

- are most often made by the same drug companies that make the brand name.

- are available for almost half of all brand-name products.

More will become available as manufacturers' 20-year patents expire.

Generic drugs cost less because they don't require the same costly research, development and sales expenses associated with brands. It's estimated that nearly one-fourth of the cost of a brand-name drug is spent on marketing and advertising.

Dr. Tom Giacona, president-elect of NODA, congratulates Melanie Fowler who will represent LSU at the National Student Table Clinic competition in Kansas City in October.

Melanie Fowler wins Table Clinic award; NODA is one of sponsors

Melanie Fowler, third-year student at the LSU School of Dentistry, won first place in the dental category of the LSU Table Clinic Competition and also won the Dentsply Award to represent the school in ADA national competition in Kansas City.

Fowler presented "PDL and Gingival Fibroblasts Are More Similar to Osteoblasts Than Dermal Fibroblasts." Her advisor was Dr. Thomas Lallier.

Third-year student Claudia Cavallino won the Procter and Gamble Preventive Dentistry Award and second place in the dental category with "Occlusal Detection of Suspicious Pits and Fissures in Posterior Teeth." Her advisor was Dr. Alan Ripps.

Kelly Berthelot, Kim Meaux, and Allison Hadley won first in the dental hygiene category with "Esthetic Bleaching: Methods and Effects." Their advisor was Dr. John Burgess.

Katie Perry and Emily Shiffman won the Procter and Gamble Preventive Dentistry Award and second in the dental hygiene category with "Friends Do Not Let Friends Drink Acidic Beverages." Their advisor was Dr. Paul Armbruster.

In the dental laboratory technology category, Marek Grunik won the Dentsply Award with "Esthetic Diagnostic Wax-up." His advisor was David Vela. Yi-Yuan Chang won first in this category with "Comparative Evaluation of Captek and Sin-

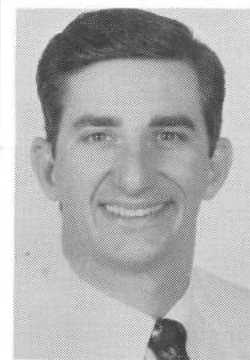

tepkore." His advisor was Dr. Nikhil Sarkar. Robert Ory won second with "OPA System." His advisor was Edwin Kee.

In the postgraduate category Dr. Joanna Davis won first with "The Effects of Doxycycline Used to Remove the Smear Layer During Periapical Surgery." Her advisor was Dr. Ronald Lemon. Dr. Amer Suleyman won second with "GorTex Membranes in Periodontal and Implant Surgeries." His advisor was Dr. Raymond Yukna.

The New Orleans Dental Association, New Orleans Hygiene Association, Louisiana Dental Association, Procter & Gamble, and Dentsply International sponsored the competition.

JOURNAL ARTICLE

An article entitled, "Cyclooxygenase-2 in Synovial Tissue and Fluid of Dysfunctional Temporomandibular Joints With Internal Derangement," by Dr. James H. Quinn, principal author, and Dr. John N. Kent, co-author, appeared in the November 2000 issue of the Journal of Oral and Maxillofacial Surgery.

DR. BROWN III JOINS PRACTICE

Dr. Edward V. Brown, Jr. is pleased to announce the addition of Dr. Edward V. Brown, III, to our orthodontic practice.

Dr. Brown received his D.D.S. at Louisiana State University School of Dentistry. He received a Master of Science in Dentistry and a certificate in orthodontics from St. Louis University.
